INTERIM ORDER

Sh. Hemraj, Odhan Road, Kalanwali, Sirsa is consumer of DHBVN bearing account no.7409812000 SDO (OP) S/Divn., DHBVN, Kalanwali, Sirsa. The Forum has jurisdiction to hear the complaint.

Complainant filed the present complaint regarding wrong bill issued to him of Rs. 36200/- in the month of June 2021. On making complaint on DHBVN portal on 01/07/2021 the same was closed on 08/07/2021 without resolving the grievances. Again, he made a complaint on HEPC on 09/07/21. The revised bill was issued without waiving of the surcharge amount for the month of September to November 2021. He has requested the Forum to redress his complaint.

The complaint was forwarded to the Nodal Officer for filing the written reply of the Nigam and both the parties were asked to appear before the Forum on 24.12.2021 at Sirsa for hearing of the case.

Proceedings were held on 25.03.2022 through video call. The complainant attended the hearing at Gurugram whereas the SdO was present through video call. The complainant made the following submissions:

1. That he had an electricity connection of 19 kW and the date of connection was in 09/2018
2. That up to 09/2018, there was no dispute whatsoever
3. That he applied for extension of load from 19 kW to 70 kW which was sanctioned in August 2020
4. That even after he had completed all the required installations, he kept on waiting for CEI to come and inspect the installations. Despite his best efforts, the CEI inspected his installations only on 20.10.2020
5. That since M&P wing did not come to inspect and seal the metering system, the operation staff started the connection on 20.10.2020 by sealing from their own sealer
6. That M&P team visited the site on 11.02.2021 for sealing the

- connection and regularization of the load extension i.e. almost after 4 months of the start of connection on 20.10.2020
7. That the M&P team declared the meter as 33% slow stating in their report that R phase CT wire was found open
 8. That in the month of June 2021, Rs. 36000/- were put in the bill against peak load charges
 9. That detail of peak load charges were not explained by the subdivision and they charges non-payment surcharge of Rs. 1276/- for 6/2021, Rs. 1830/- for 7/2021 and Rs. 1893/- for 8/2021 totaling to Rs. 4999/-
 10. That surcharge continued to be levied up to 3/2022
 11. That excess billing were issued from 20.10.2020 to 31.12.2020 and from 01.01.2021 to 31.01.2021 for Rs. 32407/- and 39738/- respectively
 12. That bill for June 2021 was delivered for Rs. 141862 – 61475 = Rs. 85506/- which included Rs. 36200 wrongly charged against peak load charges
 13. That he wants the withdrawal of peak loads charges, the charges levied because of 33% slowness because the consumption data proved that the meter was not actually slow

The Forum observed that SDO should place on record complete details of the case specifically by addressing the issues raised by the complainant during hearing. Next date of hearing is fixed as 27.05.2022.

Proceedings were held on 27.05.2022. The Forum again reminded SDO operation that he had been asked to submit specific replies to the issues raised by the complainant in the last hearing.

Proceedings were held on 24.06.2022. The representative of SDO requested for next date for submission of complete reply before

the Forum. Forum directed to place on record complete details as specified above alongwith the written reply. Next date of hearing is fixed as 25.07.2022.

Proceedings were held on 25.07.2022. The complainant joined the hearing from Gurugram whereas the SDO was present through video call. The SDO submitted that his office had submitted complete reply vide his memo no. 70 dated 10.01.2022 and that there was no merit in the complaint. The Forum reminded him that the reply on record was not relevant to the issues raised in the complaint. The Forum again directed the SDO to specifically answer to the queries raised by the Forum in the last hearing. The complainant again submitted that in September 2021, wrong amount of Rs. 4999/- were subtracted from the payable amount but again levied in October 2021. That up to March 2022, an amount of Rs. 16811/- as surcharge was levied due to incorrect billing. By July 2022, this Rs. 16811/- swelled to Rs. 24613/-, which is not actually payable. The other issue is of the slowness of meter from 20.10.2020 to 18.12.2020 and amount of Rs. 18114/- was charged, which was also not correct. Therefore, the whole dispute is about the refund of Rs. 18114 + Rs. 24613 = Rs. 42727/-. The Forum directed SDO to look into the matter and submit specific reply to the issues raised by the complainant. Next date of hearing is fixed as 26.08.2022.

Proceedings were held on 26.08.2022. The complainant as well the SDO were available through video call. The SDO submitted that he was on leave and also that there was no CA presently posted in the subdivision and therefore requested for another date for filing complete facts of the case. The Forum reminded him that he needed to reply specifically to the queries raised by the Forum in the last hearing. Next date of hearing is fixed as 13.09.2022.

Proceedings were held on 13.09.2022 at Sirsa. The complainant was present but the SDO was not present. The SDO was not

available on telephone also. The matter was brought to the notice of SE Operation who assured that complete reply would be submitted by the next date of hearing. The Forum again reminded XEN Dabwali and SE Operation that the SDO needed to reply specifically to the queries raised by the Forum during last dates of hearing. Next date of hearing is fixed as 13.10.2022.
